

Tracing the impact between
university-based research, teaching and
Social Innovation

**5th Global Research Conference: Social
Innovation and Socio-Digital Transformation
October 2019 | Dr. Isabel Roessler**

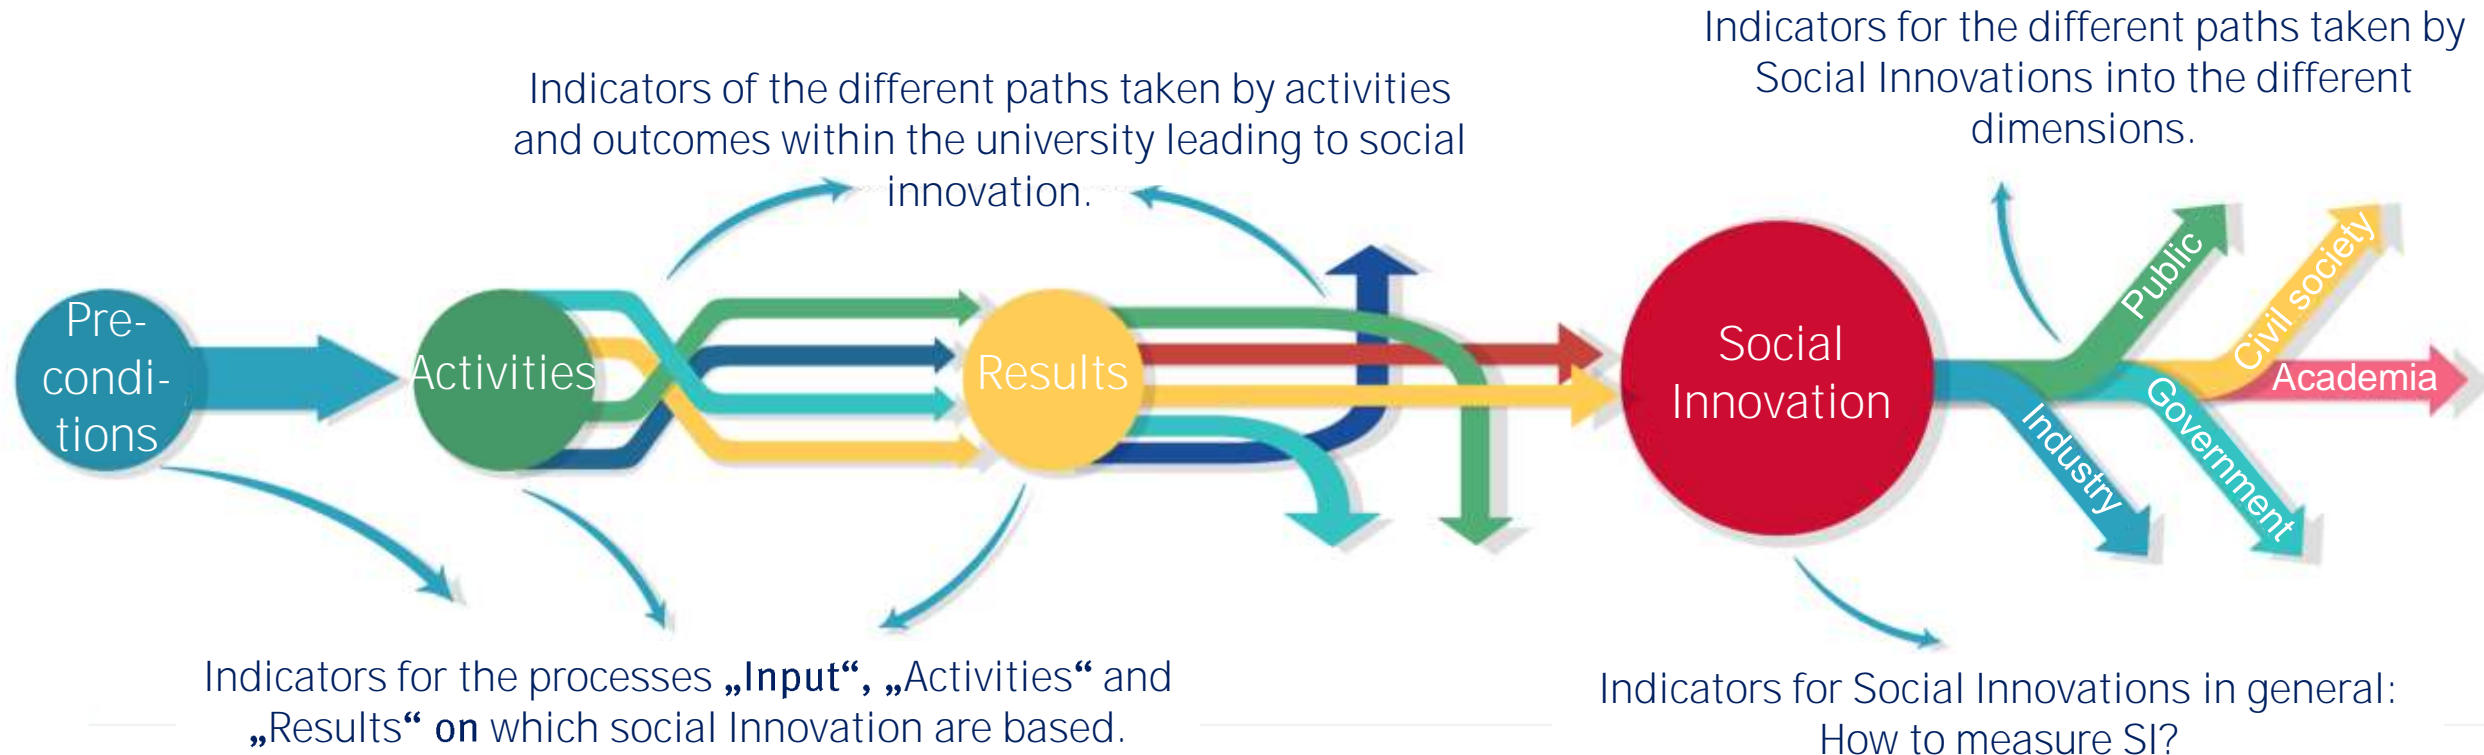

SPONSORED BY THE

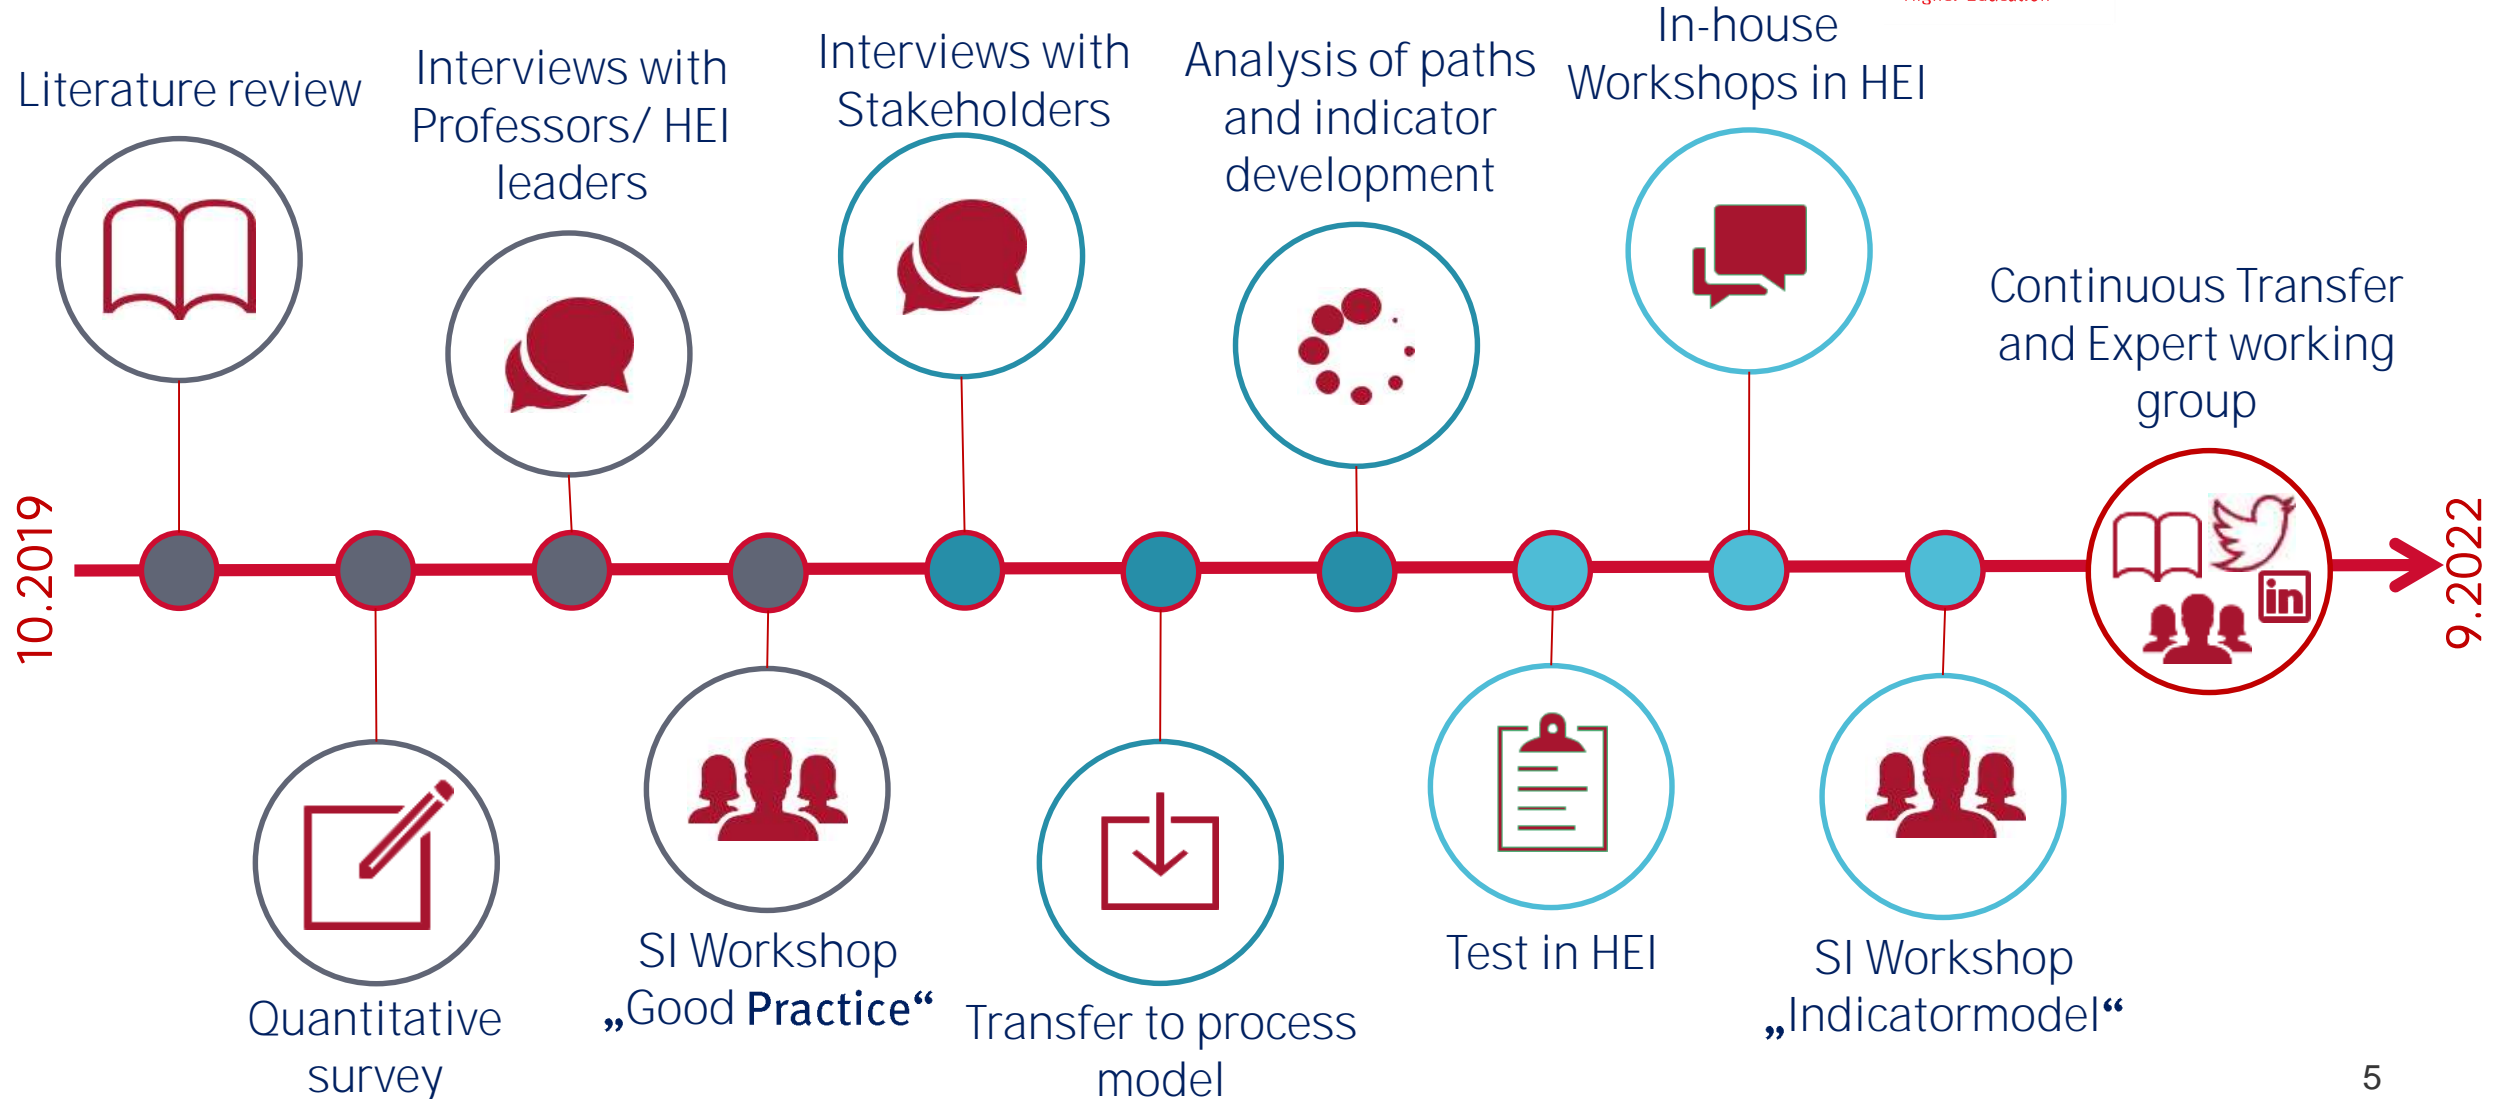

Federal Ministry
of Education
and Research

My current work in the field of Social Innovation

What we are planning in the project

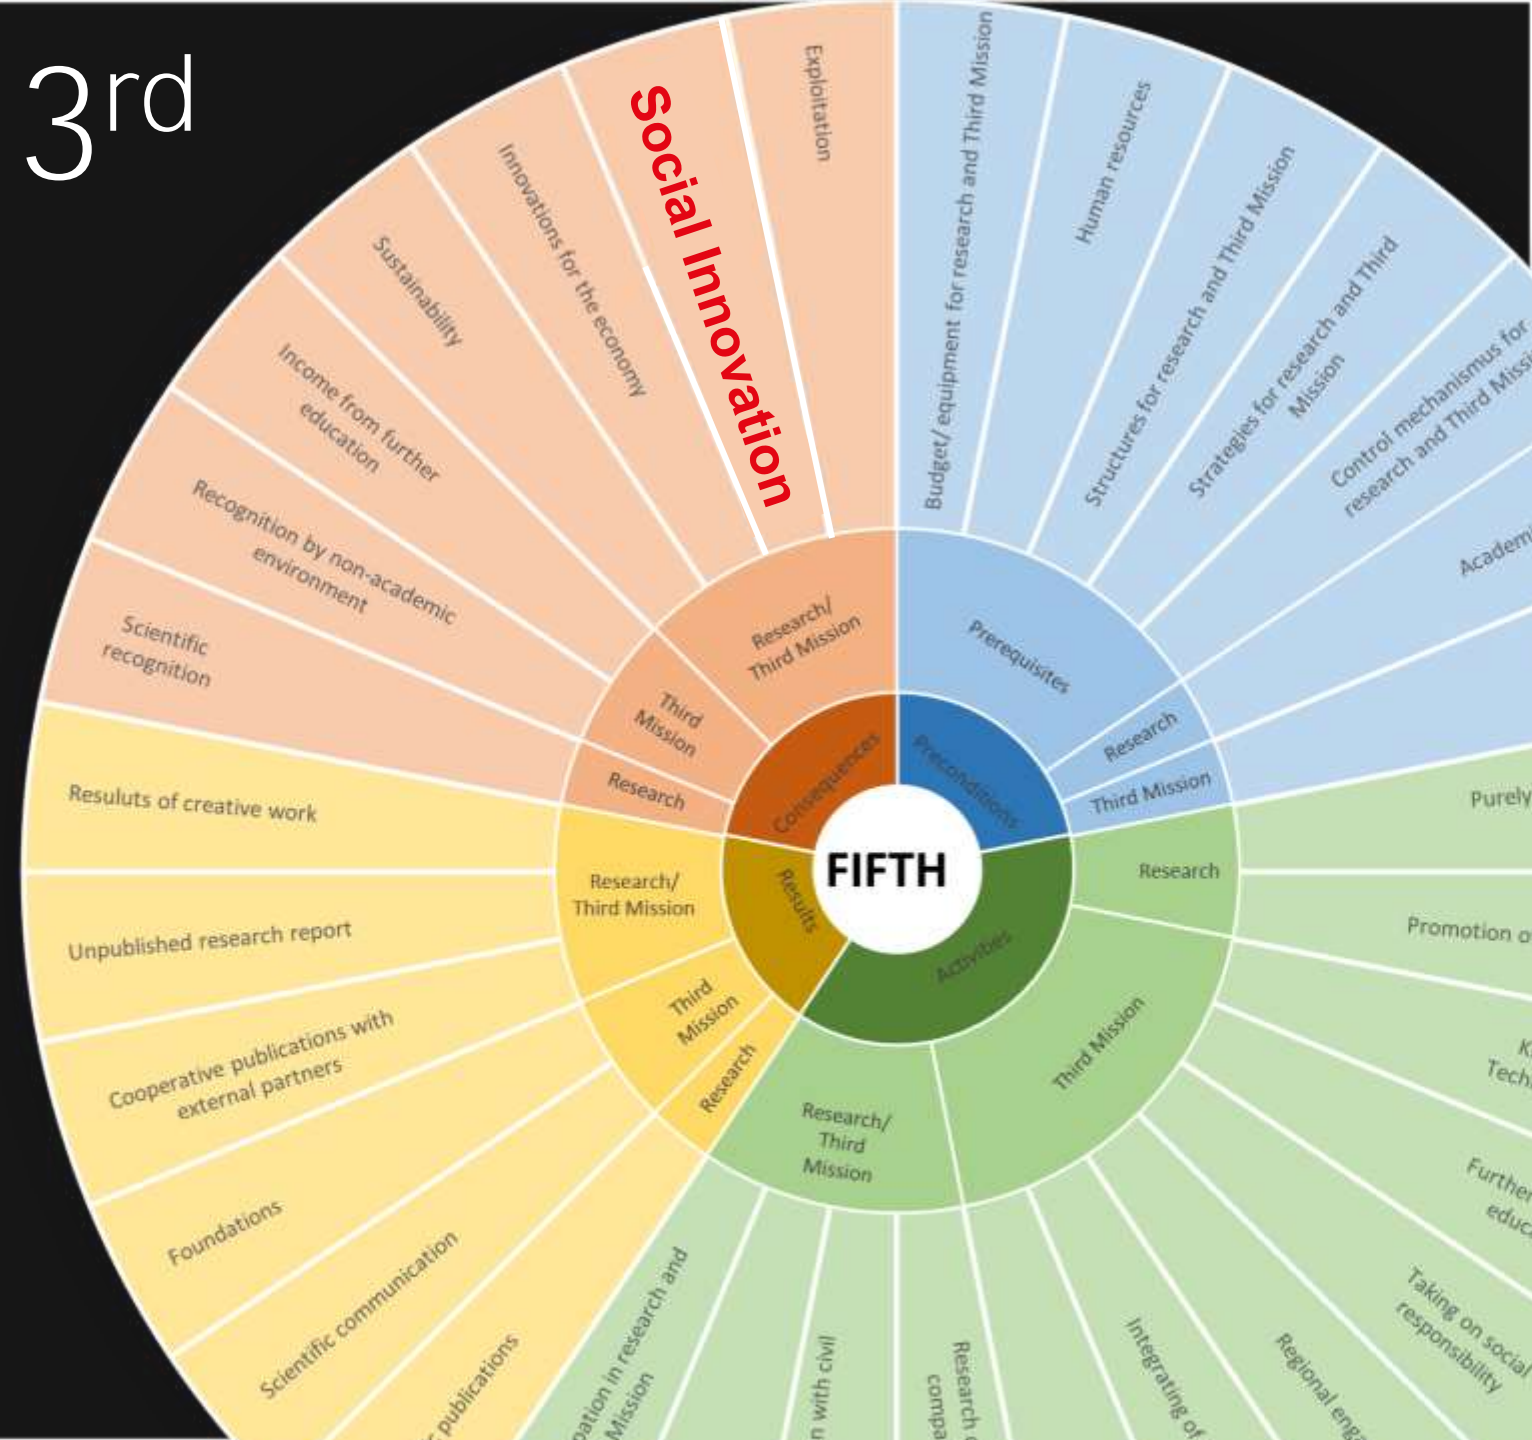

What we are planning in the project

But:

Despite the initial stage of the project I can give two inputs from a previous project

As part of the 3rd Mission, SI becomes important in HEI – especially in SSH!

CHE

Centre for
Higher Education

Speaking the same
Language.

Today, university education is open to almost everyone.
HEI and politics must make a successful education
possible.
We offer both impulses and solutions.
